

## **At Chatham High School we believe that...**

- 1. the responsibility for providing an atmosphere that is conducive to learning rests with students, parents, teachers, administrators, staff members, and the community**
- 2. it is the student's responsibility to take full advantage of the education that is offered**
- 3. hands on activities are essential to the learning process and are encouraged across all curricular areas**
- 4. after school tutoring should be provided by teachers, and students should take advantage of the opportunity to aid in their success**
- 5. being ready and willing to work with others is necessary to create a productive learning environment**
- 6. students, teachers, administrators, and support personnel should be flexible and willing to adapt to change when necessary**
- 7. teachers, administrators, and support personnel should foster a collaborative environment and should consistently strive to make improvements**
- 8. teachers, administrators, and support personnel should have a genuine interest in students' lives**
- 9. students, teachers, administrators, and support personnel should take pride and do their best in all school-related activities**
- 10. teachers, administrators, and support personnel should set a positive tone and be an exemplary role model for students**
