### COMMUNITY EVENT NOTICE

The Pittsylvania-Danville Public Health Department in cooperation with the Pittsylvania County Department of Emergency Management and the Pittsylvania County Community Emergency Response Team will be co-hosting a "Pandemic Influenza Awareness and Preparedness Event".

Influenza pandemics have occurred three times in the last century, and history and science suggest that the country and the world could face one or more pandemics in this century. A pandemic can cause severe illness, death and disruption throughout the country and the world, and outbreaks can occur in many different locations all at the same time. Preparing for an influenza pandemic requires coordinated action at all levels of government federal, state, local, tribal - and all sectors of society, including businesses, schools, faith-based and community organizations, families and individuals;

Come join us at one of the following locations during the week of Sept 11-14 and **"Get Informed, Get Prepared"**.

**Who:** Pittsylvania-Danville Public Health Department, Pittsylvania County Dept. of Emergency Management, and the Pittsylvania County Community Emergency Response Team (CERT).
