Parent and Student Portals

Parents:

Following your child's progress in school just got easier. Parents may connect to their child's records...any time and anywhere.

The Parent Portal of our student information system, PowerSchool, provides:

- Access to up-to-date information concerning academic progress
- Access to up-to-date information concerning attendance

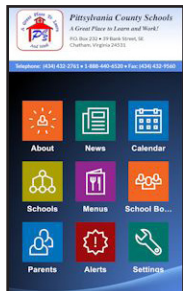

Here's how it works:

Contact the office of your child's school and arrange to pick up your child's Parent Web Access Letter.*

*Accounts created previously have not changed. Please contact your child's school if you have problems accessing your child's information.

Students:

Beginning school year 2016-17, grades 6-12 will have student access.

You'll also be able to be able to monitor your child's cafeteria purchases.

My School Bucks notifies you when your balance is low so that your child will always have money available for meals.
