

SCHOOL of CONTINUING & PROFESSIONAL STUDIES

## Summer 2009 Online Course Offering

### **PSED 624A: Teaching with Web 2.0 Technology in the 21st Center**

Web 2.0 technologies such as blogs, wikis, podcasts, and other collaborative tools provide new opportunities for in-service teachers with minimal computer knowledge to integrate technology into teaching and learning. The Internet is a more customizable and user-friendly classroom utility than ever before. This cutting-edge class offers teachers an in depth look into incorporating numerous 21st century tools into classrooms in an effort to engage digital learners.

Participants are required to have access to *Blackboard* at SCPS for course work participation. Establishing a UVa email account will be required. Instructions for setting up an email account will be provided once the registration process has been completed.

#### **Registration Period:**

**Monday, April 13**

**through**

**Friday, June 5**

*Course Dates: Monday, June 15 through  
Friday, August 14*

*Credits: Three (3) Graduate Credits*

*Tuition & Fees: Special Virginia In-state Educator  
Rate \$681; Out of state Educator  
Rate \$1020*
